Wind Play Day Concert No 1950

Not a concert, but a "play-in" reading session of wind octets from the 19th century, plus nonettes and dectets from the same period, a few 20th century ones, and at least one 21st century dectet as well. We will also be trying some arrangements by Club members.

We will rotate desks depending on who is there. Club wind players and those not already members are invited to come along and play with us.

Please phone or text the organiser Hugh Rosenbaum on 07710 990 372.
